

New Product Information

Pillow Upper Mount for Gravel for Mitsubishi Lancer (CP9A) /Subaru WRX(GDB,GRB) have been released

The pillow upper mount for especially gravel competition such as Rally or Dirt trial is now available. It's designed exclusively concerning huge input or input angle on gravel driving.

It's used high-strength outer collar. Using No.18 pillow ball (MBWT18), it's realised high-strength and durability, and also low running cost in same time.

Swapping to other size of pillow (from MBWT18 to MBWT22) is enable which correspond to unique shape of top of shock absorber.
