

New Product Information

CUSCO L.S.D. for Mitsubishi Delica D:5(CV5W) has been released

L.S.D. for Mitsubishi Delica D:5 is now available.

L.S.D. would show good work on preventing idling on rough condition such as snow or rutted. For D:5, Type-RS is available which Cusco originally designed to generate initial torque on coil-spring. The initial torque is low which offer smooth driving from first use.
