

New Product Information

Additional on products for Nissan Juke (Turbo/F15)

[Model]
Nissan Juke (Turbo)
Series CBA-F15 **Drive** 2WD
Grade 16GT

Character of Strut tower braces

Not only improving body rigidity, but also it affects on better performance of suspension via the body rigidity.

Character of Lower arm bar

It improves body rigidity by connecting 4 of joint points of lower arm bar both side, and prevents alignment change of suspension.

Character of Rear Stabi-bar

- This Rear additional Stabi-bar is developed for vehicle with torsion beam type suspension It saves roll amount without ride-feel change by strengthening torsion rigidity.

- It saves shaky movement and sway on driving at motor way or winding road which results stable driving.
