

## New Product Information

### Clutch master cylinder support plate for Mitsubishi Lancer(EvolutionX) has been released

[installation image]

#### Features of the Clutch master cylinder support plate

With tightening Clutch master cylinder with plate together and hold master cylinder, the item will reduce stress on genuine clutch master(made by plastic). It will prevent damage of master by stress with installing strengthening clutch.

recommend for...

Someone who want to keep use the clutch master longer.

Someone who uses shift up/down often on occasionally such as street driving
