

# New Product Information

## Sway bar for Nissan Skyline GT-R (R35) has been released

Front  
Sway bar

Rear  
Sway bar

### Character of Sway bar

It saves amount of roll on cornering.

It improves steering response, so effectual on setting when under/over steering.

Also It improves stability of driving on motorway and saves shaky movement and sway.

This products used steel material for specifically Sway bar. Front Sway bar has large caliber, therefore it applies hollow pipe to save its weight. Rear Sway bar use solid pipe to make sure rate up as it applies small caliber.

\*These products are outside of Japan sales only.
