

CUSCO RACING METER

CUSCO is proud to release a new line of gauges featuring three models, boost pressure, water temperature, and pressure. The Racing meter is recommended for both competition and street use. CUSCO Racing Meters are 100% made in Japan to bring you the most advanced technology accompanied by the highest of product quality.

CUSCO Racing Meter TEMP METER

Water & Oil Temperature Capability

Part # 00B 700 T

MSRP \$245.00

Includes: Gauge, wiring, temperature sensor, gauge holder, control switch, switch bracket

Display: 50°C ~ 150°C (2° increments)

CUSCO Racing Meter PRESS METER

Oil & Fuel Pressure Capability

Part # 00B 700 P

MSRP \$295.00

Includes: Gauge, wiring, pressure sensor, gauge holder, control switch, switch bracket

Display: 0 kPa ~ 1000 kPa (20 kilopascal increments)

CUSCO Racing Meter BOOST METER

Boost pressure

Part # 00B 700 B

MSRP: \$245.00

Includes: Gauge, wiring, boost sensor, gauge holder, control switch, switch bracket

Display: -100 kPa ~ 0 kPa ~ +200 kPa

Features:

- Large 60mm gauges
- Peak and warning function
- High quality bezel with LED technology
- Night time auto dimming feature (illumination)
- High precision step motor technology for precise reading
- Sensor and gauge holder included
- White LED lettering on top of black
- No control box necessary (only needs the gauge & sensor)
