## GR86 & NEW BRZ

### SAFETY21 ROLL CAGE/D1 ROLL BAR NEW RELEASE

※Product Image  
(SAFETY21 Roll Cage Steel 8-Point)

«Applicable Vehicle»  
GR86 ZN8/BRZ ZD8

- ◆ SAFETY21 roll cage made of steel which can be used for JAF official competitions and the CUSCO D1 roll bar made of chromoly which is about 33% lighter than the steel roll bar.
- ◆ The front is a through dash type. Up to 6 point for 4 seaters and up to 10-point for 2 seaters.
- ◆ The Carrosser roll cage has a precise design that not only ensures safety but also drastically improves body rigidity. We have researched development knowledge through motorsports into designing the most efficient shape.
- ◆ The roll cage is made-to-order. (Additional delivery time may be required depending on the time of order)
- ◆ A large fare is required when ordering a roll cage. Please contact us for more information.
